

Boosting the earth's immune system.

To help conserve our one and only planet Earth, it is important not only to reduce environmental impact, but also to maintain and enhance the planet's self-recovery capability. Which is why Ricoh is dedicated to actively promoting ecosystem conservation projects throughout the world in partnership with environmental NPOs and local communities that place a priority on protecting the habitats of indigenous species as well as the life of human beings. To learn more about Ricoh's efforts to conserve the environment and enhance our employees' global citizen awareness visit us at [ricoh.com/environment](https://www.ricoh.com/environment).
