

MANY SERVICES BUT ONLY ONE GOAL: TO PROVIDE YOU WITH THE PERFECT SOLUTION.

CURRENTA's Environment Business Unit offers its customers compelling solutions, especially when it comes to disposing of and recycling hazardous waste. More than 600 people are employed in the operation of its facilities, which include 7 incinerators, 2 hazardous waste landfills and cleaning units for industrial containers. We join forces with European partners to form a network providing further recycling and disposal services. In this way CURRENTA assures reliable disposal using top technology.
